During this unprecedented time, it is extremely important to remember how fortunate we are to have people literally risking their lives to provide us with our basic services and needs.

We feel that the least we can do is show them how much they are appreciated and that is what **THOUGHTFUL THURSDAYS** are all about!

Please join us this week in **writing a thank you note or letter to our Postal workers**. Be as creative as you can to truly show your appreciation.

When you’re done, just drop it in your mailbox and take a picture to share with us!
